Greenbelt Goblins Collect \$90.65 As Treat For Childrens Hospital

By Bobbie Solet

At the last counting, as we prepared to go to press, the beggars with-wings of Greenbelt had collected \$90.65 for the Children's Hospital Building Fund. In spite of rain and the cold wind, nearly 200 children carried the Bettar Ice Cream boxes, which the Cooperator had prepared, along with their bags for tricks 'n' treats and the accoutrements of their costumes.

Nearly all of the almost-one-hundred-dollars was in pennies although here and there a half dollar weighted the frail containers and there were a few flashes of the green stuff. One young collector brought his boodle in a jar because the dixie-cup had given way and several had to transfer their coins to envelopes. But less than 35 boxes failed to return, and the Cooperator is proud of this public vindication of its confidence in the city small fry. Many residents had anticipated that pilfering would more than nullify the collection on such a night as Halloween.

The North End came out high on the long long list with Ricky Laguna of 10-M Plateau first with \$4.59 and Peter Bowman, 12-Z-3 Laurel Hill, \$4. Both these boys will receive their prizes as soon as the campaign is officially finished. When the money has been recounted by machine a check will be sent by the Cooperator to Bill Gold of the Washington Post, whose column, The District Line, has become the clearinghouse and spearhead for Childrens Hospital collections.

The splendid and untiring participation of the Police Department in general (and Lt. Buddy Attick in particular) deserves laurels along with the energy and conscientiousness of all the youngsters whose names will be sent on to Childrens Hospital to be placed on a permanent roster.

NCJW Bring Cancer Film To Greenbelt

The Greenbelt section, National Council of Jewish women, will feature a film on cancer at its regular membership meeting on Wednesday evening, Nov. 14 in the Home Economics Room of the Center School. The Community Welfare Committee, under the chairmanship of Mrs. Nathan Schein, will be in charge of the program.

Numerous requests have been received by the Section and by Mrs. Stouffer, Public Health Nurse, to bring this film to Greenbelt again, and it is hoped that the community will avail itself of this opportunity to view it. Miss Kathrine Crompton, supervisor of nursing education Health Department of Prince Georges County, will lead the discussion which will follow. The film will be shown at 9:15 p.m.

Drop Inn Data

By Bobbie Baxter

There will be a Juke Box dance Saturday night November 10, from 8 to 12. Admission will be 15 cents.

The hayride planned for Friday, November 9, has been cancelled because it conflicts with events at the High School.

A Thanksgiving Dance will be held Wednesday night, November 21, from 8 to 12. There will be entertainment and refreshments. More details on this dance will be given later.

Next Thursday and Friday, November 15, and 16, there will be a new class for intermediate and advanced tumblers. All girls who have had beginners tumbling may take this course, at the Center school from 3:30 to 4:30.

GCS Has 2 Meetings For New Residents

By Townsend Scudder

Last week Roy McCorkel addressed two gatherings of new residents, sponsored by Greenbelt Consumer Services, one on Tuesday evening and the other on Thursday. Representatives of close to 25 families were present. The meetings were held in the general manager's office.

Mowatt Memorial Has 5th Birthday

On Sunday, November 11, the congregation of Mowatt Memorial Methodist Church will observe its fifth anniversary of occupancy of the church building, first to be constructed in Greenbelt.

The church opened its doors formally on November 8, 1946. Formerly an army chapel, the building was purchased from the government, shipped to Greenbelt, and there reassembled by the congregation. For Rev. Chester J. Craig, minister of the church at that time, founding the Greenbelt church was not a new experience. He had previously established eight other churches, among them the Ager Road Methodist Church, and the Calvert Community Church in this area.

Although the church building opened in November 1946 its congregation had been in existence for some time previously. The need for a place of worship was acute in Greenbelt, and on August 2, 1945, a group of interested citizens met at the home of Mrs. Paul Featherby for the purpose of organizing a congregation with hopes of eventually being able to erect a church building. It was from this beginning that the Mowatt Memorial Methodist Church has risen to a position of respect and importance in Greenbelt community life.

Rev. Craig became associated with the new church within two weeks after the organizational meeting. Through his guidance perseverance and the devotion of the members of the congregation, the erection of the present building was possible. However, it must not be forgotten that Alexander Mowatt and the late Mrs. Mowatt of College Park gave generously to the church, and it is for their son, Lt. Frank G. Mowatt, that the church is named. Lt. Mowatt was a fighter pilot in the United States Army Air Force, on his 31st mission when he was killed in action over Germany on September 9, 1944. Prior to his death at twenty years of age, he had been awarded the Distinguished Service Cross, the Air Medal with three Oak Leaf Clusters, the Purple Heart, and the Presidential Unit Citation. It was the intention of Mr. and Mrs. Mowatt, Rev. Mr. Craig, and the congregation, that the church should serve as a memorial to Lt. Mowatt.

How well the church has performed this task may be seen in the growth and activity of the congregation. Sunday School Superintendent Louis Tierney has had to open a second session of Sunday School, so great was the enrollment. Rev. Charles R. Strausburg, present minister of the church and a veteran of fifty years in the pulpit, came out of retirement the first of this year in answer to the church's need for a minister. There are 116 members on the church rolls, and each Sunday so many members and visitors turn out for Mr. Strausburg's sermons that the need for a new chapel is becoming obvious. A drive is now being conducted to add to the building fund, so that a new church building on an already-acquired lot will soon be a reality. All present and former members and friends of the church are invited to attend the fifth anniversary services.

Charles McDonald, City Manager, spoke briefly about the town government and various civic groups, and also answered questions concerning the sale of the town. Sam Asheiman next explained that the leases that the Co-op holds are renewable and that the Co-op shopping center would continue to operate as usual when and if the town is eventually sold.

McCorkel then told about various cooperative experiences he has had while traveling in this country and in Europe. In Japan, he said, the Cooperative movement is extremely strong among the fishermen. In India he was impressed how Co-op Credit Unions had entered the banking field. In England they have also grown extensively until now one Co-op society in London alone has over 1 million members. The English Cooperatives, he pointed out, are also actively engaged in manufacturing activities and even have their own tea plantations.

Regarding American Cooperatives, he reported that as one travels across the nation one will come across all sorts of Co-op enterprises: oil wells and refineries in the Southwest, huge grain elevators in the corn belt, the country's second largest Auto Insurance firm in Ohio, and many other types of cooperatives serving both the farmer and the city consumer. Significance of these cooperatives, he pointed out, is that they belong to the people, that the people themselves control the business, and that they share in the earnings. Through Cooperatives people are learning to help themselves by building a higher standard of living. Greenbelt is just one of many cooperative ventures, but as the largest of the consumer co-ops, its growth is being watched with interest all over the nation. Its expansion out of Greenbelt marks a new step forward and may provide the way for other consumer co-ops to follow.

Henry Walter was chairman of both meetings. At the second, Walter Bierwagen, president of the GCS board, was also present along with Mr. and Mrs. George Davidsen who acted as hosts. Mrs. Honaker, a new resident, and Ellie Ritchie were hostesses on Tuesday evening. Following McCorkel's talk, everyone participated in a general discussion while refreshments (coffee and cake) were served. Each resident was also given several samples of Co-op products to take home and try (coffee and Breakwater).

Others at the meeting were Mr. and Mrs. John J. Boyd, Mr. and Mrs. Thomas Flannery, Mr. and Mrs. W. F. Mackin.

Mr. and Mrs. Thomas N. Putnam, Thomas Delaney, Charles Link, Mrs. Mabel Gonda, Mr. and Mrs. William H. Clark, Rita Dambhauskas, Jean Lauziere, Benjamin and Janet Wolfe, Hugh F. Bunnell, Helmut Liebhaber, John D. Santra, Wilbur R. Pace, Alfred M. Spitzer, John S. Adams, John A. Whittenburg, Mrs. John J. Shannon, Mrs. Anne May Shannon, Mrs. C. R. McGhee, Mrs. Anna R. King, Mrs. George C. Plue, and Mrs. James R. King.

City Employees Get \$300 Pay Raise; Council Considers New Traffic Code

A cost of living pay raise of \$300 a year was granted to city employees last Monday by the city council. The raise is retroactive to last July 1. About 35 permanent employees will get the raise and part time employees will receive comparative raises depending on their hourly rate. Not included in the increase were the city solicitor, the public health officer, the city manager or the kindergarten teachers.

(Kindergarten teachers were granted higher minimum and maximum salaries earlier this year; the salary of the city manager is changed by separate ordinance and will probably be considered by the council in the near future.)

Retroactive salary payments are estimated to cost about \$6,000, and will come from an estimated surplus of approximately \$8,200. City manager Charles McDonald assured the council that probable municipal needs for the remainder of the year can be met by the budget and remaining surplus. He doubted whether PHA would object to the salary raise. The federal pay raise granted recently, and the city's failure to duplicate the preceding federal pay raise would both contribute to PHA's acceptance of the salary increase.

McDonald also reminded the council that 70% of the budget goes toward salaries; permitting a similar amount of surplus to go toward increased salaries was entirely proper. The council passed the salary increase unanimously. (Mayor Lastner, absent from the meeting because of a slight illness, informed the Cooperator that he heartily endorsed the pay raise.)

New Traffic Code

Consideration of a new traffic code brought forth several proposed changes in traffic regulations. Parking on Centerway may be permitted for 30 minutes instead of the present 15-minute limitation. A 30-foot space reserved for trucks unloading merchandise may be eliminated. Space for that purpose will be provided in parking areas on each side of the center. The new traffic code will replace an involved set of separate ordinances now on the books. The code will be printed on cards and distributed to residents. Consideration of the new code will be continued at future council meetings.

North End PTA Will Hear 5-Member Panel

The North End PTA will have five guest panelists at its regular monthly meeting to be held in the school auditorium on Tuesday, November 13, at 8:15 p.m.

Up for debate will be the controversial subject "Progressive Education—Pro and Con." Those participating in the program will be Dr. Gladys Wiggins, professor of education, University of Maryland; Dr. Alvin Schindler, professor of education, University of Maryland; Allen Chotiner, principal of Greenbelt Junior High School; Bruce Bowman, president of the County Council of PTAs of Prince Georges County; and Mrs. Charles Reed, supervisor of elementary school of Prince Georges County who will act as moderator.

Following the preliminary addresses by the speakers the meeting will be open for general discussion. It is hoped that parents will take this opportunity to ask questions of members of the panel. A box will be circulated through the audience to collect questions.

The public is cordially invited to attend.

No Trash Pickup Monday

Monday, November 12 will be a holiday for city employees. There will be no garbage or trash collection on that day.

DuplicateBridge

The Cooperator Bridge Tournament will be held on Friday, November 16, in the home economics room at the Center school. Play will begin promptly at 8:15.

Persons wishing to play in the tournament who have not yet registered are asked to call Mrs. Daly, Gr. 5702, not later than Friday, November 9.

DOLLARS & SENSE

Hormone's - Nature's Dynamite

Working in the complicated structure of all animal life are powerful substances called hormones. Tiny amounts of such substances cause important changes. A lack of such stuff can stunt growth, make men feminine, make women masculine and cause disorders of various sorts. Many hormones are prescribed by doctors for various conditions. Doctors observe such patients very closely. It takes the skill of a physician to play with nature's dynamite.

Poultry Men Play With Hormones

Most of you read about the mink that were fed the heads of chickens treated with hormones. The mink stopped breeding. Several of the experts who testified at the Delaney Committee Hearings hastened to explain that mink are especially sensitive to the sex hormone used. The sex hormone in question is diethylstilbestrol. The Department of Agriculture warned the mink growers to stop feeding the chicken heads to their mink. No such warning was given about feeding hormone treated chickens to humans. Let us see why this is so.

The Case For Hormonizing Poultry

The poultry raiser can insert a pellet of diethylstilbestrol in the neck of a cockerel. In six weeks the chicken is a fat bird with yellow, feminine looking skin. He will fetch about 5 cents a pound more as premium quality chicken. Is such a chicken safe to eat? This question was raised at the Delaney Committee Hearings. There were experts on both sides of the question.

Those who defended the practice advanced the following arguments:

1) The quantity of stilbestrol remaining in the chicken under proper conditions was so small that they did not believe it would harm humans.

2) Very small quantities of similar substances occur in many foods.

3) The practice had been passed on by the Food and Drug Administration. (one pellet for chicken, two for turkey).

4) Where the pellets are misused the poultry can be seized by the Food and Drug Administration.

Case Against Hormonizing

Poultry - As Yet

Too much isn't known about the effects of stilbestrol. If enough of the drug is taken it "can depress the growth of the children, cause sterility in men, cause cystic ovaries, cystic breasts, cystic kidneys and suppress ovulation". How much it takes to do these things has not been established. The effect of taking in small amounts of the drug over a long period of time is unknown. There are some grounds for uneasiness on that score.

Too much isn't known about the amount of stilbestrol that remains in the carcass of the chicken. Dr. Theodore C. Byerly of the Bureau of Animal Industry, Department of Agriculture, just around the corner, was questioned about this.

Mr. Gottlieb: "Has the Department determined the amount of stilbestrol determine the amount of stilbestrol or estrogenic activity in the edible tissues of the treated bird?"

Dr. Byerly: "They did not. We have under development a project Case Against Hormonizing Poultry to do that now. As I pointed out . . . the type of evidence that has been

presented has been that which has been largely gathered by the purveyor."

Mr. Gottlieb: "So there is a paucity of information in that regard too?"

Dr. Byerly: "There is certainly a paucity of public information."

Mr. Gottlieb: "Now, having decided to be cautious and having warned the mink farmer not to feed chicken offal because it might affect the reproduction of mink, even though there was no direct proof, do you think that the human consumer of poultry deserves the same consideration, as far as warning is concerned?"

A bit of buck passing can be detected in the following answer:

Dr. Byerly: "Let me state this. When the Food and Drug Administration permitted the use of one pellet . . . I assumed as I still assume that they had good and adequate evidence in their opinion to sustain the safety of that product. That is my position. I have a high regard for the Food and Drug Administration. I have no reason whatsoever for questioning the permitted use."

Next Week - The Case Against Hormonizing Poultry - As Yet.

Clothes For Glenn Dale

The Glenn Dale Sanitarium is in need of good used clothing of any kind (children's and adults). The Woman's Club of Greenbelt would like to help this worthy cause by having a clothing drive. This will take place the week of Nov. 12 through Nov. 17. The clothing may be left at the Police Station any time during that week or if it is impossible for them to be delivered there please call Mrs. Webster at Gr. 7756 and arrangements will be made to have the garments picked up. The clothing must be clean and in good condition.

Dry Cleaning

WHY PAY MORE?

VALET SHOP

Trattler Chatter

By Pauline Trattler - Gr. 3762

Hi! Didn't think I'd get a chance to do this column this week as I was so busy over the week-end, but being a news-hound, I'd swim the deepest river, climb the highest mountain, cross the burning desert, to gather news. (Editor, please take note . . . if it rains tonight, don't expect me.)

* * * *

Let's say "Happy Birthday" to Mrs. Ella Pence, of Arlington, Va. who had a birthday on November 3. She is the mother of Mrs. Roy Braden (we all remember charming Mrs. Braden). Let's hope that Mrs. Pence is feeling better at this writing.

* * * *

"Love Me, Love My Dog" . . . and you can bet your life Mr. and Mrs. Carl Pearson, formerly of Greenbelt, now living in Hollywood, loved their beautiful boxer doggie, Princess, on Sunday Eve. Princess won first prize at the Specialty Dog Show held at Laurel by the Potomac Boxer Club (competition was very strong, too). A thank-you note to "Pop" Bell, of Greenbelt for handling the dog so well.

* * * *

"Here Comes the Bride". That's the song played at the wedding of Sergeant Richard P. Porter, and Betty Ferguson, of St. Louis. (The Porters used to live on Southway Road.) The happy couple were married on October 20. (Richard is stationed at Scott Air Base, Belleville, Miss. Happy Landing!)

* * * *

Pardon me folks while I read my fan mail. Oh, it's a letter from Mrs. Herbert Hall, Jr., of Silver Spring. Their son and daughter-in-law, Bob and Carole Hall, presented them with their first grandson October 31. Congratulations also go to the great-grandparents, Mr. and Mrs. H. Hall, Sr., of 7-A Parkway. (Sure was a nice 'Treat' for Halloween.)

* * * *

Just heard that the Blanchard family has moved to Cheverly. Gosh, it seems like only yesterday that we "old-timers" were down at the Valet Shop playing ping pong. (The Valet Shop was once our gathering place, years and years ago.) Good luck to you and please keep in touch with us.

Isn't it nice to be able to have a winter vacation? Well, Mr. and Mrs. A. E. Tavener, 19-R Ridge, had a wonderful time "roaming" around the Shenandoah Valley visiting relatives.

(Mrs. T. is that charming lady working at the Variety store.) And while the Tavengers were away Mrs. Phebe Best, Mrs. T.'s mother, spent two weeks with her brother in Va. (Hope they all had their red flannels with them, it sure was coldish.)

* * * *

Young Tommy McDonald (our city mgr.'s boy) won second prize on the Junior Review TV. show Sunday noon. His prize was a record player.

* * * *

"Oh You Beautiful Doll" . . . that's what you'll be singing when you take home one of the dolls from the Evening Guild's Church Bazaar which will be held at the Community Church on Nov. 14. There'll be all kinds of beautifully costumed dolls and stuffed toys, so come and buy one for Junior Miss.

That Wilkins man was here again and left a beautiful electric iron at the home of Mrs. James J. Sommers, 9-M Ridge . . . Gosh, we have smart people here, they always seem to know the answers to all the questions . . .

* * * *

FLASH! FLASH! What just happened to me should happen to everyone . . . I have just been notified that I won a door prize, a Diamatic Bendix washing machine, from the new Lacy's store that opened last Friday in College Park . . . Wasn't I lucky? And it was just like their ad read . . . I didn't have to buy one thing . . . I just walked in to look around and was handed a door coupon which I filled out and dropped in a box . . . Of course, I knew I had one chance in 10,000 of winning but I did . . . (Anyone want washing done cheap?)

* * * *

GREENBELT LUTHERAN CHURCH

Edward H. Birner, Vicar
Telephone 3703

Friday, November 9 - 8 p.m., the Lydia Guild will meet at the home of Mrs. Graves, 16-U Ridge.

Saturday, November 10 - 11 a.m., Junior choir practice at the home of Mrs. Trumbull, 56-C Crescent.

Boys Club Activities

By Lee

Greenbelt's Boys Club football teams chalked up another clean sweep this past weekend all teams coming through with wins. Looks like we might possibly have some county champs in football!

The 90-lb. team defeated a strong Green Meadows team 7 to 0 in a hard-fought game featured with good defensive play. The entire first half of the game was played between the forty-yard lines. In the fourth quarter Greenbelt started a determined drive which carried to the Green Meadows 3-yard line where Greenbelt was penalized five yards for offside. On the next play Bob McLoughlin punched through the line for a TD. Teddy McCord rushed through for the extra point and Greenbelt led 7 to 0 with only about a minute left to play. Green Meadows couldn't do anything thus the game ended. The 90-lb. team's record is now 3 wins, 1 loss and 1 tie.

The 105-lb. team swamped Bladensburg, 32 to 0. Touchdowns were made as follows: Stripling made the first TD on a 40 yd. pass from Iseli. Iseli made the second TD around end for 1 yard. Fred Comings made the third TD on a 15-yard end run. Dannie Branch recovered a fumble in the Bladensburg end zone for the fourth TD. The final TD was made on double wing formation pass, Iseli to Comings, for 30 yards. Iseli also made two conversions by place-kick. These boys look as if they have hit their stride and may come through with a county champ team. They are now tied with Berwyn for first place with 4 wins and 1 loss.

The 150-lb. Packer Jr. team defeated Colmar Manor 21 to 6 to keep their undefeated record. Touchdowns were made by Stu Knott on a blocked punt from Colmar Manor which Knott recovered and ran for a touchdown. Conversion was good. On a Greenbelt punt to Colmar Manor in their end zone they attempted to run it out and were thrown in their own end zone giving Greenbelt a safety for 2 points. In the second half, Brosmer connected with Frank Lagana in the corner of the end zone with a forty-yard pass for the second TD. Conversion was wide. In the fourth quarter Greenbelt drove on ground plays with Bobby Kosiski making good gains thru the middle to the Colmar Manor 3-yd. line from where Brosmer cracked the center of the line for a TD. Conversion again was wide, Greenbelt leading 21 to 0. Colmar took the ball on about their forty-yard line and on successive pass plays, the final one being for about 20 yards, and running another twenty they scored; conversion was blocked. No further scoring. The Packer Jr. team looks like a county champ. Come out and see them Sunday.

Games this weekend: 90-lb. plays Lanham at Greenbelt 9 a.m. Saturday, November 10. 105-lb. plays Riverdale at Greenbelt 11 a.m. Saturday, November 10. 150-lb. Packer Jr. team plays Mt. Rainier at Mt. Rainier High School, Queens Chapel Road, 2:30 p.m., Sunday, November 11.

NOTICE

All boys desiring to try out for Senior Basketball team, report to Bob Lindeman at the Center school gym at 6:30 Thursday evening, November 8. Senior Basketball practice will be held every Thursday evening at 6:30 p.m. If you miss this Thursday make it next Thursday for sure. See you next week.
